

BALCONY SOLAR POWER SYSTEM WITH STORAGE

Smart charging system
AC power and solar
energy simultaneously.

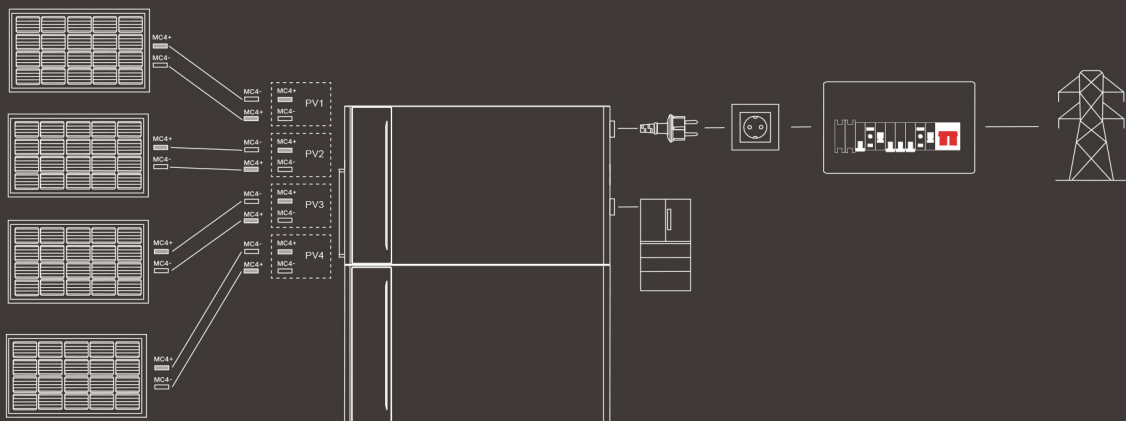

Gives priority to the solar energy.
Maximize the utilization of solar re-
sources, reduce reliance on the
mains supply. Helps saving users'
electricity bill.

Fully charged in 4 hours
with sufficient solar energy.
Significantly reduces users'
waiting time.

Bi-Direction
2000W

SPECIFICATION

8657-1 Expansion Battery	
Product Name	8657-1
Battery Type	LiFePO ₄
Battery Rated Energy	1792Wh
Dimensions	425*195*260mm
Weight	19.5kg
Charging temperature	-20 ~ 55°C
Discharging temperature	-20 ~ 55°C
Waterproof rating	IP65
Protection level	Class I
8657-2 Expansion Battery	
Product Name	8657-2
Battery Type	LiFePO ₄
Battery Rated Energy	2009.6Wh
Dimensions	425*195*260mm
Weight	20kg
Charging temperature	-20 ~ 55°C
Discharging temperature	-20 ~ 55°C
Waterproof rating	IP65
Protection level	Class I
